

## Advanced Manufacturing— A New Way to Learn

### BUILD A SMARTER, SAFER WORKFORCE

Training from BizLibrary and Vector Solutions provides the knowledge and skills needed to create a forward-thinking, safe, and efficient organization. A properly trained workforce can dramatically improve your bottom line through increased productivity, reduced risk, the ability to leverage new technologies, and more. An investment in workforce training is an investment in your company's future.

### FLEXIBLE AND CONVENIENT

Online classes are self-paced, typically taking 30 minutes to complete. They are easily and conveniently accessible on desktops, laptops, tablets and phones. Library languages include English, English Canadian, French, and French Canadian.

### In-Demand Manufacturing Topics

Offer training in the areas needed most by modern manufacturers. Each program features a series of classes covering the foundational and critical content that will make the most impact for your organization.

- › Cranes and Rigging
- › Driver Safety
- › Electrical
- › Equipment Safety
- › Ergonomics
- › Fire
- › General Safety
